DO NOT RECORD

ASSIGNMENT

This is to confirm that I, Brian Russell, residing at 23852 P.C.H. #263, MALIBU CA 90265, was employed at iRise, a California Corporation (the "Company"), from about April, 2000 to about July, 2001. I acknowledge and agree that, among my other duties for the Company, I was employed by the Company in a position in which I was hired to invent and which provided the opportunity for conceiving and/or reducing to practice (including the authoring of software code) inventions, improvements, developments, works of authorship, code, routines, processes, designs and related documentation, whether patentable or unpatentable, and whether created, conceived and/or reduced to practice solely by me or jointly with others, anywhere in the world that relate to the Company's business, projects or products, or to the manufacture or utilization thereof; or the actual or demonstrably anticipated research or development of the Company; or results from any work performed by me for the Company; or results, at least in part, from the use of the Company's time, materials, facilities or trade secret information (collectively hereinafter referred to as "Inventions").

~~For \$20 USD and for other good and valuable consideration, the receipt of which is hereby acknowledged,~~ I hereby assign, and agree to assign, transfer, set over to Company, and confirm previous assignments to the Company, all my worldwide right, title and interest in and to:

- a) all Inventions;
- b) the following patents, patent applications, and any inventions disclosed therein:
 - i) PCT Application No. PCT/US02/23816,
 - ii) U.S. Patent Application Nos. 10/484,541; 10/763,012; 10/762,428; 10/763,080, 11/671,331,
 - iii) all Letters Patent of the United States which may be granted thereon (including, but not limited to U.S. Patent No. 7,349,837 and 7,174,286),
 - iv) all provisional applications relating thereto and all nonprovisional applications claiming priority thereto, and
 - v) all divisions, continuations, continuations-in-part, reissues, and reexaminations thereof, and all Letters Patent of the United States which may be granted thereon and all reissues and extensions thereof, and all rights of priority under International Conventions and any related Letters Patent which may hereafter be granted or filed in any country or countries foreign to the United States, all extensions, renewals and reissues thereof, (collectively the "Applications");
- c) any other related intellectual property rights such as, but not limited to, copyright rights, copyrightable subject matter, know how, trade secrets, copyright registrations, and reproduction rights;
- d) all tangible property embodying or describing the Invention, including without limitation all documents, drawings, prototypes, models, test results, designs, materials, computer programs and data, and the like (whether or not in my possession and whether or not prepared solely by me or jointly with others); and
- e) all causes of action for infringement of, all damages for, and all remedies for all rights related to the Invention, the Applications, and all legal rights to enforce the same against third parties and to retain the entire proceeds therefrom, whether accruing before or after this Assignment, including, but not limited to, the right to sue for, collect, and retain damages for past infringements of said Letters Patent before or after issuance.

I hereby authorize and request the Commissioner of Patents of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents on applications as aforesaid, to issue all related Letters Patent to the Company, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

IN TESTIMONY WHEREOF, I hereunto set my hand and seal this 5th day of May, 2010

Brian Russell
